

# ALEXANDER MECHANICAL CONTRACTORS

January 11, 2015

The Honorable Gary A. Fenner  
Judge of the U.S. Western District  
400 East 9<sup>th</sup> Street, Room 8452  
Kansas City, MO 64106

Subject: Mr. Victor Vickers

Dear Honorable Judge Fenner:

I'm writing this letter in support of a young man I have known all his life, that person is Victor Vickers, my wife's great nephew. I will apologize now on the structure of this letter, because this is the first letter I have ever written on behalf of an incarcerated individual.

I will admit I don't know all the circumstances in the case the district has against Victor, I can tell you that when it began, I believed enough in Victor to help put up his bail bond. Victor has been in and out of our lives over the years since he grew up, I know that he had a couple of run ins with the law, as so many of our young people seem to experience. Victor came to me several years ago to help him get started in a career, he was looking for a mentor, who could advise, and to help him develop and grow a business.

I started a business sixteen years ago, and Victor knew the success that we had achieved. I was glad that Victor came to me, we set and talked for hours, during that first meeting, I wanted to know if he was sincere before I committed my time to help. I liked what I heard and Victor had a lot of qualities that a young entrepreneur needs to survive. That day I committed to help Victor pursue his dream. We met a couple of more times after that, and then I got the phone call from his mother Victor was in trouble. So now we fast forward to the present and it is my understanding that Victor could have a chance to dream again.

As I stated earlier I apologize for the structure of this letter. Judge Fenner I hope that when my nephew stands before you, the court can find a way to give this young man another shot at life; another shot at his dreams, only God knows the true content of a man's heart. I pray that Victor's heart is true and committed to changing his life, and following his dream.

Sincerely,

William H. Alexander
